Nimnaliya, Muvaliya, Dahod – 389151, Gujarat

Date: 28.10.2020 / Update on 04.05.2022

Pharmacovigilance Committee

Preamble:

As per the Guidelines of National Medical Commission (Previous Medical Council of India), it is essential to constitute Pharmacovigilance Committee to oversee various Pharmacological aspects of Drug administration & subsequent patient compliance in a Teaching Hospital wherein Medical College is proposed to be established. Every medical college of the country should have a functional Pharmacovigilance committee. It should just not be on the paper. Therefore, all below referred members have been nominated in the Pharmacovigilance Committee of ZMCH, Dahod for the post mentioned against their names.

Goal:

The broad goal of the committee will be to generate awareness about the need of identifying & reporting of Adverse Drug Reactions (ADR), amongst all sections of health care providers (Doctors, Consultants, Nurses, Pharmacists, Post Graduate & Under Graduate Medical Students, Nursing Students, Physiotherapy Students and service providers etc.) of Zydus Medical College and Hospital, Dahod and to identify ADR occurring in patients admitted to Zydus Medical College and Hospital and report the same to the appropriate authorities.

Objectives:

- To create awareness amongst health care professionals, Students of Medical, Dental, Nursing and Physiotherapy about the importance of ADR reporting.
- To monitor benefit-risk profile of medicines.
- Generate independent, evidence based recommendations on the safety of medicines.
- Support the Central Drug Standard Control Organisation (CDSCO) for formulating safety related regulatory decisions for medicines.
- Communicate findings with all key stakeholders.
- Create a national centre of excellence at par with global drug safety monitoring standards.
- Promotion of research based on Pharmacovigilance.

Constitution:

Tenure of the Committee:

September 2020 to September, 2022.

The committee will be reconstituted every two years.

Scope of the Committee:

The committee will meet initially once in a month. The committee will be responsible for planning, implementation and monitoring of various activities of the Pharmacovigilance Committee. They will work as mentors & facilitators.

After the smooth and spontaneous functioning of the PV-cell it will be held every two months.

Roles:

- Chairman: The Chairman will chair & conduct all meetings & will function as administrative head of the committee.
- Member Secretary: The Member Secretary will play the pivotal role & shall undertake various activities of the Committee.
- Members: Members will work as subject experts & will also do the mentoring of young faculty/ resident doctors/ students in the area of ADR.

General Guidelines:

Following General guidelines have been framed for committee functioning:

- Committees will meet regularly once in a month and will determine the next date of meeting at every meeting.
- Agenda of the meeting (as per their scope) will be determined beforehand and will be communicated to all members of the committee.
- Committees will discuss, analyse, take a unanimous decision and communicate the decision for implementation to appropriate department /personnel.
- Chairperson and convener of the committee will bear the responsibility of committee functioning.
- The Committee will determine the protocols of functioning and all committee members will abide by it.
- If a detailed analysis of specific agenda under consideration is carried out, a record of same will be maintained separately and filed in committee file.

- Member Secretary will be given the responsibility of maintaining all the records of committee functioning and communicates it to concerned personnel in the organization.
- Committee will monitor the implementation of decision taken through physical monitoring/ assessments/ review etc.
- Hospital and staff are obliged to follow the instructions.
- Committee will review their functioning at appropriate intervals, as decided by Chairman, Co-Chairman and Member Secretary to assess their functioning.
